

CO2 Free - ACP

- ▶ Carbon Blue uses CO2 Free as its licensed accredited certificate provider (ACP) to create the certificates
- ▶ Administered by IPART whose costs are covered by \$0.80 registration fee/ESC paid by ACP
- ▶ Subject to regular audits to ensure compliance and no fraud – audit costs paid by ACP
- ▶ Must collect and save evidence of the energy saving activity in order to create ESC.
- ▶ Important that Carbon Blue is engaged at start of project to ensure all evidence is collected.
- ▶ NSW government has given CO2 Free a license to operate as an ACP and to ensure we maintain that license we must operate according to regulatory requirements.
